Sao Paulo: monitoring stations by what they report, 2023

Reports in 2023

- Both
- PM10 only
- PM2.5 only
- Neither

Mean education quintile of adults

5
4
3
2
1

Record

- Three months or more
- Part-year (under three months)

Stations of the cleaned 2023 panel placed by the frozen station catalogue. A part-year record covers fewer than three months of a pollutant.
Shading: mean education quintile of the education-reporting adults of each fine unit.
